Dear Sir/Madam

**Re: Fantastic Cleaners – After Builders Cleaners**

We are property developers in London and have recently started to use the above cleaning company on our building sites.

They are very efficient in arranging appointments and submitting quotations for the various projects they have attended.

We have found them to be thoroughly professional and efficient. Their standards of cleaning are very high and we would recommend them to anyone looking for after builders cleaning, sparkle cleaning and window cleaning.

No doubt they would be as good in domestic dwellings for a “Spring” clean.

Yours faithfully

**Marian Darby**
